

30th Anniversary

In 1980, a new resident camp program with a strong aquatics focus was started by Gaye and Bruce Kerslager ("Woodstock and Mau Mau) and Bear Creek Aquatic Camp was born. That first summer began traditions that are still alive today; Water Water remains the girls free swimming and boating time each afternoon.

In 1999 the camp had its biggest facelift, beginning with a renovation and addition to the Lodge. Renovations were also made in Hickory Hollow and Lion's Den, to make camping in small cabins more pleasant and in 2004 the cabins in Coke Top were treated to new floors and new screens for windows.

Today, as in years past, the waterfront is the place to be at camp! Providing a great place for girls to learn skills they will take with them the rest of their lives. At Bear Creek Aquatic Camp, the names of campers may change, but the spirit remains true. It continues to be a place "Where girls build courage, confidence and character who make the world a better place.

Site Information

Bear Creek Aquatic Camp is located on scenic Kentucky Lake, about 45 minutes south of Paducah, KY. Our bay has a large boating area with two docks, a roped off swimming area with a water slide, and a small beach where we launch our sea-kayaks and canoes. There are three units of open air rustic cabins and one unit of platform tents. All platform tents and cabins have army cots, and sleep 4-6 people. There is no electricity or electric lighting in the tents or cabins. Each unit has a central security light that stays on all night. There are latrines in each unit (Hickory Hollow, Cardinal Hill, and Coke Top have flushies), as well as a basin with running water. There are flush toilets at the lodge and at the shower house. Meals will be served in the lodge family style, and just like resident camp we all share in the chores after meals!
